Equity Compensation

Based on the recommendation of the Compensation Committee, the Board of Directors of the Company, at its meeting held on December 11, 2013, approved the following option and restricted stock grants of the Company's Class A Common Stock, pursuant to the Company's Employee Equity Incentive Plan.

Contingent Vesting Options

The Board of Directors approved the grant of contingent vesting options for shares of the Company's Class A Common Stock in the aggregate amount of 7,090 shares to four executive officers, effective January 1, 2014, with an exercise price at the fair market value of such Common Stock on the effective date of the grant.

C. James Koch, the Company's founder and Chairman, Thomas W. Lance, Vice President of Brewing, and Robert Pagano, Vice President of Brand Development, will each be granted an option for 2,140 shares and Kathleen H. Wade, Vice President-Legal and Corporate Secretary, will be granted an option for 670 shares. The number of shares as to which these options may become exercisable in any year is dependent upon the Company's meeting certain 2014 depletions targets, as follows: (a) 50% will be eligible to vest if 2014 depletions increase at least 13% over 2013 depletions; and (b) 100% will be eligible to vest if 2014 depletions increase at least 18% over 2013 depletions. The determination regarding the eligibility for vesting of these options will be made by the Compensation Committee by mid-March 2015. Eligible shares will then vest over the five-year period commencing January 1, 2014, such that 20% of the shares will vest in each of the years 2015 through 2019, subject to accelerated vesting in certain specified circumstances. The options will lapse to the extent that the above depletions targets are not met.

Restricted Stock Awards

In addition, the Board of Directors approved an aggregate of \$2,875,000 in restricted stock grants to be awarded to one executive officer and to senior managers and key employees of the Company as of January 1, 2014. Of these awards, \$1,625,000 will vest over the five-year period commencing January 1, 2014, contingent only on continued employment, such that 20% of the shares will vest on January 1 in each of the years 2015 through 2019, subject to accelerated or extended vesting in certain specified circumstances, and \$500,000 will vest 33% on each of January 1, 2017 and January 1, 2018, and 34% on January 1, 2019, also contingent only on continued employment. Vesting of the remaining \$750,000 in approved grants is tied to achievement of certain 3, 5 and 8 year volume goals.

Approval of Class B Stockholder

All of the bonus opportunities and equity compensation grants to executive officers described above were approved by the sole holder of the Company's Class B Common Stock.
